

## COLLAGEN INDUCTION THERAPY

**Microneedling/Epidermal Collagen Induction Therapy/Stem Cell/PRP**  
This is a new innovation to the aesthetic medicine for treatment of the appearance of fine lines, acne scars and the improvement of skin's texture, tone and color. The Eclipse MicroPen is used to create controlled micro-injuries to the skin in order to aid in production of collagen and elastin. This promotes a thicker epidermis with a softer appearance of wrinkles. Creating these micro channels allows for more penetration and efficacy of PRP/Stem Cells, peels, serum, topical gels, and creams which enhances the effects in the deeper layers of the skin. There is no downtime.

## CORRECTIVE TREATMENTS

All corrective treatments are designed to achieve greater results with little to no down time. Corrective treatments are great for stimulating the collagen, reducing fine lines and wrinkles and even out pigmentation. These treatments are specifically formulated for each individual.

### Microdermabrasion.....\$85

A Non-invasive skin resurfacing treatment that gently exfoliate epidermal cells, to polish and smooth out the skin to reveal fresh, healthier and younger looking skin. This treatment is excellent for fine lines and wrinkles, acne, scarring and pigmentation.

### Dermaplaning/Epidermal Leveling.....\$85

Using a specialized surgical blade and delicate touch, the top layer of dead skin is exfoliated along with the vellus hair (peach fuzz). This hair causes a buildup of dirt & oil on the follicle. By removing the dead skin, new skin cell growth will be stimulated and the absorption of product and serums is increased. There is no "down time" and your skin will instantly be softer, smoother and have more clear, radiant complexion.

### Rejuvenating Facial.....\$85

A restorative treatment using a combination of enzymes, antioxidants and Vitamin C. The skin is visibly firmer, nourished and more radiant.

### Teen Facial "Acne".....\$45

A customized facial to treat sensitive teenage skin. Carefully selected products are used to help purify and normalize the skin, an anti-inflammatory properties to reduce Oil, eliminate bacteria, slough off dry cells, and promotes healing.

### Add On To Any Of The Above Treatments
